# Greetings - 1929

WITH great pleasure I again present you with my Catalog, this one for 1929.

Won many prizes again this season but the most coveted one was at the Boston Show of the Dahlia Society of New England for the largest and best exhibit—a Wall display of Dahlias, all varieties exhibited, Baskets and Vases of Dahlias all of one kind in a basket. This class had more competition than any other class, all leading growers competing. We wish to thank our many customers for past patronage and trust you will continue favoring us with your orders.

**Terms:** Cash with order or in advance of shipment.

**Guarantee:** We guarantee the safe arrival in growing conditions of all orders shipped and will cheerfully replace any that do not so arrive. We will not be held responsible for more than the purchase price. Plants or Tubers not received in good condition must be returned by following mail.

## A word about Green Plants

WE offer many varieties in Green Plants at very reasonable prices.

They are good healthy plants hardened off in cold frames, well rooted and ready to go ahead and plant. Furthermore our method of packing plants is such that they will reach you in good growing condition. We prefer Green Plants for several reasons. They produce better flowers as well as better tubers, which are cleaner and free from disease.

Many of our customers who were formerly prejudiced against plants, now order them almost entirely after trying them.

**Abbreviations:** C. signifies Cactus; Dec., Decorative; H.C., Hybrid Cactus; P., Paeony; S., Show
